

# CCHHI & PCOB host John Mariana *Photography Workshop - March 15 2016*

*"Photograph that which stirs your heart and excites your mind."*

## UNDERSTANDING LAYERS, MASKS AND SELECTIONS

John is a renowned photographer and popular educator of photography expertise. He has conducted numerous workshops across the United States.

Today, John uses digital files to bring a new and different look to his work with primary focus on a unique color palette with visual and emotional presentation. He has won numerous awards for his large print images and regularly donates his work and talents to non-profit endeavors.

John has produced four books demonstrating his Photoshop techniques for producing fine art photographs.

**IF YOU HAVE QUESTIONS, PLEASE email – Fred Chitty [fc9593@gmail.com](mailto:fc9593@gmail.com)**

In the class, I will work with each attendee to work through the exercises on your laptop.

- Setting up the Photoshop workspace with Layers Panel, Adjustments Panel and Channels Panel
- Adjustments Layers used on sample images
- Moving layers, Deleting Layers
- Layer masks on Pixel Layers and Adjustment Layers
- Painting on a layer mask
- Making a selection of a sky and placing clouds
- Making a selection of a portion of an image with enhancements
- Creative use of layers to create composites

CCHHI & PCOB host John Mariana  
*Photography Workshop - March 15 2016*

*"Photograph that which stirs your heart and excites your mind."*
