Key Objectives:

- “Ebb & Flow” connected
- Appealing to women (key purchasers)
- Area toward top appropriate for text
- Congruent with HHI ambiance, experience
- Strikes emotional chord
- Beyond the expected and entirely relevant images of sand, surf, sun, there should be some presence of "humanity" in the cover picture. To help objectify this sensibility, below is a link to a picture (not available for use) that illustrates the potential contribution of "humanity" to dramatize the "Time and Tide" title concept.
