

Kurtzberg Awards Presented to Area High School Students

Larry Kurtzberg, the founder and first President of CCHHI, continued to be a mentor and inspirational guide until his death in June 1997. His perspective in life in general, and photography in particular, was unique. He had a rare sense of humor and a love of people that brought impact to his photography and a smile to the faces of his audience.

In his memory, CCHHI offers awards for excellence in photography to students in good standing who are enrolled in a photography class in the Visual Arts Department of Hilton Head Island High School. The winners were presented their awards at the May Camera Club meeting virtually.

Congratulations to the 2020 Kurtzberg Award Recipients!
